# 1. Getting started

## 1.1 Sign in

| Steps/Description | Screenshot |
| --- | --- |
| 1. Open the LUMC website (hospital URL or http://127.0.0.1:5173 for local testing).<br>2. Enter your login (not an email) and password.<br>3. Click Sign in. |  |

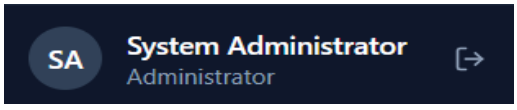

## 1.2 After login

You land on a home page that depends on your role (e.g. Guard Dashboard, Visitor Approvals, or Dashboard).
The left sidebar only shows pages your role is allowed to use.
Opening a forbidden page redirects you home and shows a notice that you are not allowed.

| Steps/Description | Screenshot |
| --- | --- |
| Guard session with Visitors menu items visible. |  |

## 1.3 Sign out

Use Logout in the lower-left sidebar (near your name/avatar).

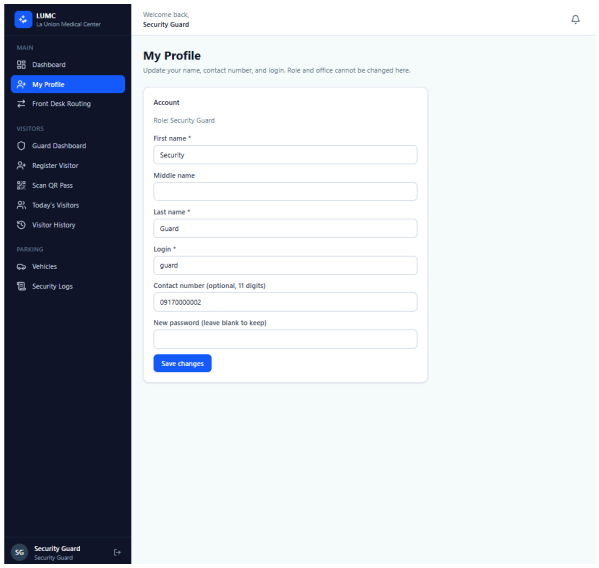

# 2. Common features (all roles)

Every account can use My Profile, notifications, and Logout. Everything else depends on role table. see each chapter's What you can do / What you cannot do, and the quick reference

## 2.1 My Profile

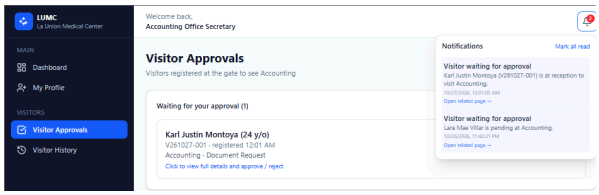

Sidebar → My Profile
You may update:

| Steps/Description | Screenshot |
|---|---|
| - First name, middle name (optional), last name<br>- Contact number (optional; if filled, must be exactly 11 digits)<br>- Login and password |  |

You cannot change your role, office, clinic, or account status here.

## 2.2 Notifications

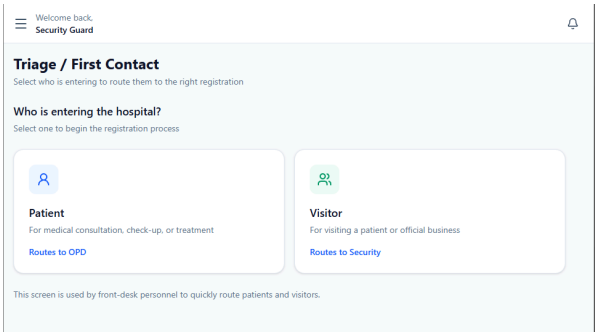

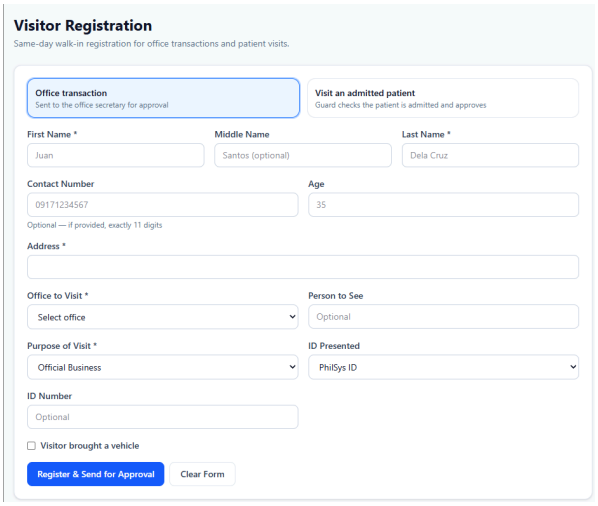

The bell in the top bar shows unread count.
The list refreshes every few seconds.

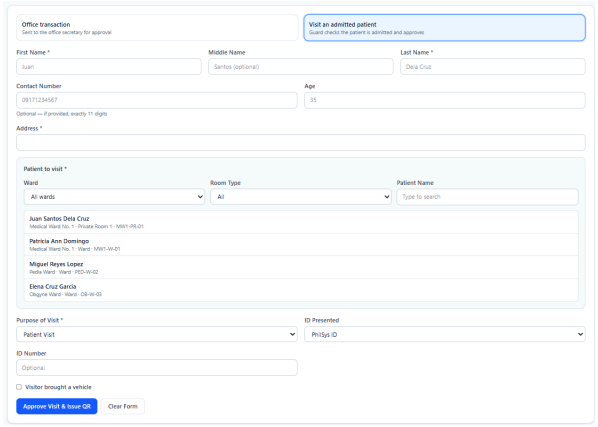

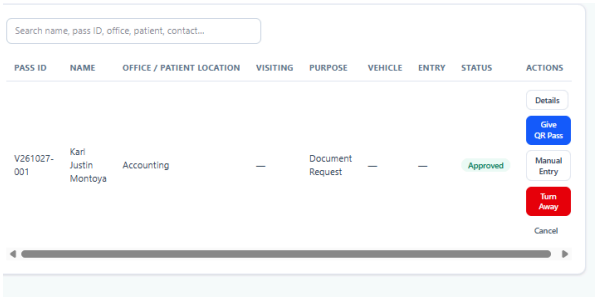

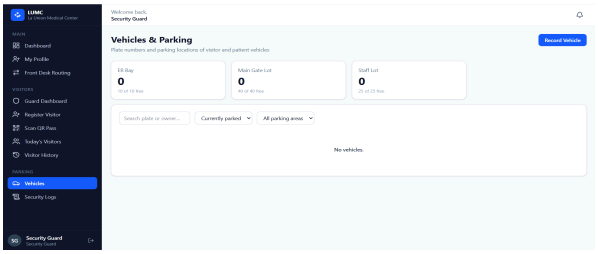

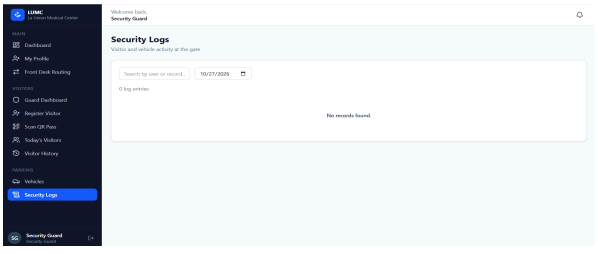

| Steps/Description | Screenshot |
|---|---|
| Click a notification to:<br>1. Mark it as read (count decreases), and<br>2. Open the related page (e.g. Visitor Approvals, Clinic Queues, Waiting for Bed).<br><br>Mark all read clears the unread badge. |  |

# 3. Security Guard

Typical login: guard
Home: Guard Dashboard / Security

## 3.1 What you can do

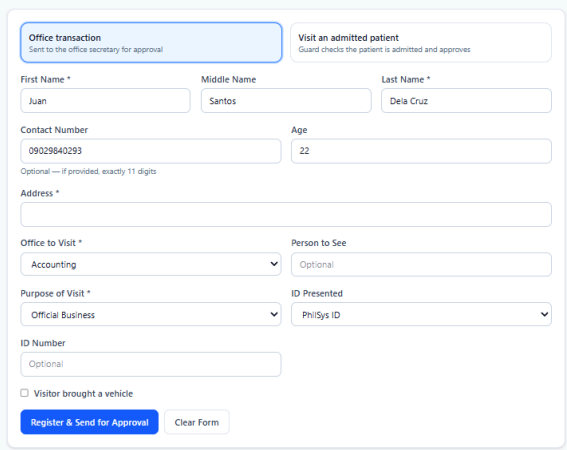

| Steps/Description | Screenshot |
| --- | --- |
| Use Front Desk Routing to send people to the right desk |  |
| Register same-day visitors (office or admitted patient) |  |

| Steps/Description | Screenshot |
| --- | --- |
| Approve patient visitors yourself (patient must already be in a bed) |  |
| Issue and scan QR passes (entry / exit); turn away, cancel, or manual entry/exit on Today's Visitors |  |
| Record vehicles (visitor / patient / employee / other) and mark exit |  |
| View Security Logs (visitor/vehicle-related) |  |

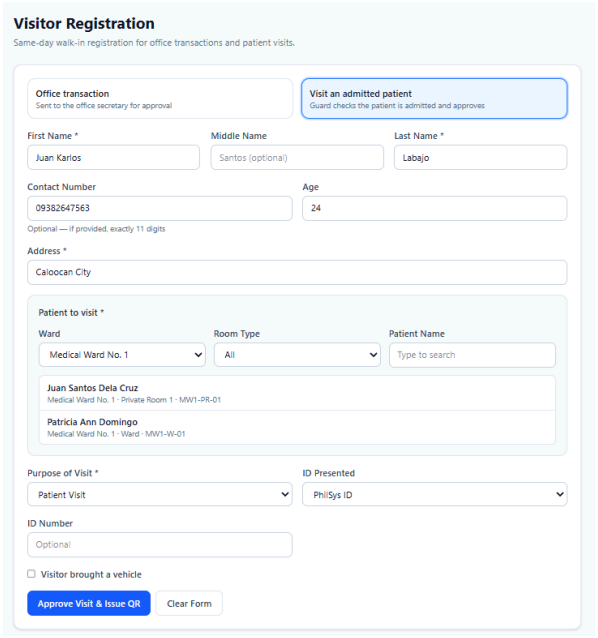

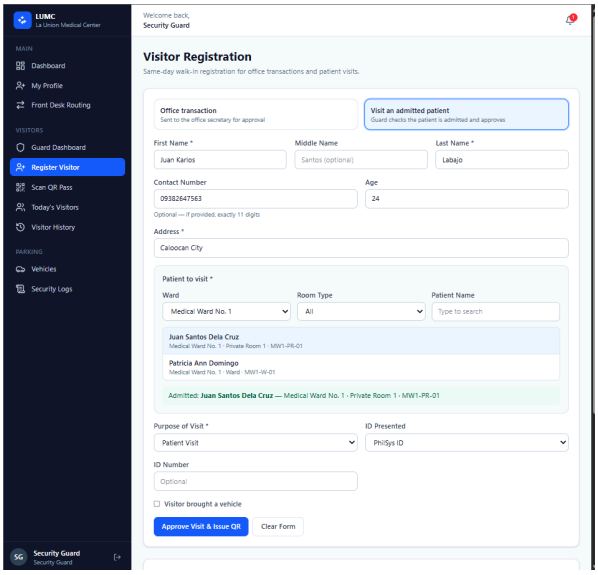

## 3.2 What you cannot do

- Approve or reject office visitors (that is the office secretary's job)
- See or manage patients, hospital visits, clinic queues, doctors, or beds
- Open administration pages (users, reports, backups, settings, parking areas setup)
- Change your own role or another user's account.

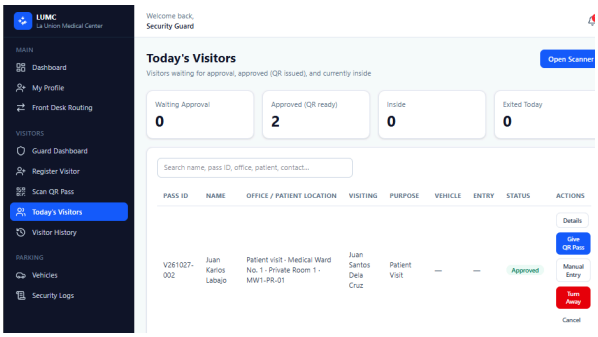

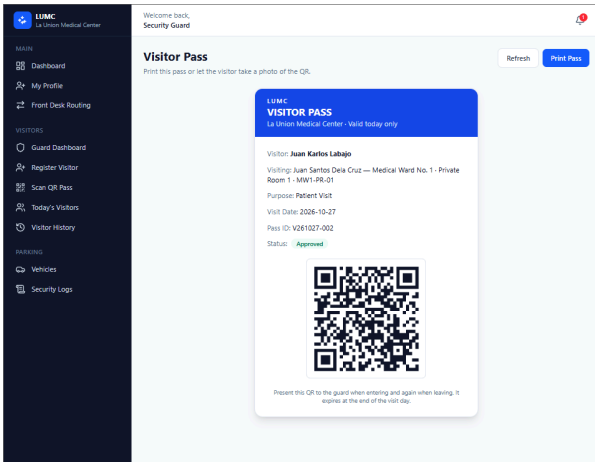

## 3.3 Register an office visitor

| Steps/Description | Screenshot |
| --- | --- |
| Visitors → Register Visitor.<br>1. Choose Office transaction.<br>2. Enter First name and Last name (required). Middle name and contact are optional.<br>3. If you enter a contact number, use exactly 11 digits.<br>4. Choose the office, purpose (or Other + text), ID type if needed.<br>5. Optionally add a vehicle.<br>6. Submit status becomes Pending approval for that office's secretary. |  |

## 3.4 Register a patient visitor

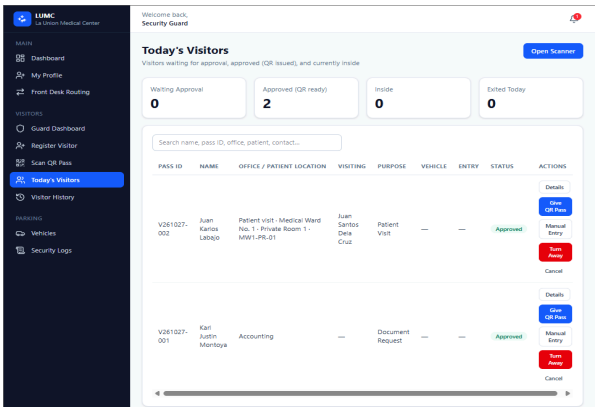

| Steps/Description | Screenshot |
| --- | --- |
| 1. Choose Visit an admitted patient.<br>2. Filter by ward / room type / name and select the patient.<br>3. Fill visitor details → Approve Visit & Issue QR (guard approves immediately).<br>4. Secretaries do not see patient visits. |  <br>  |

## 3.5 QR pass and scanning

| Steps/Description | Screenshot |
| --- | --- |
| 1. After approval (office) or immediate approve (patient), open Give QR Pass / Visitor Pass.<br>2. Print or show the QR to the visitor.<br>3. Scan QR Pass scan on entry, then again on exit.<br>4. A third scan is refused (pass already used). |  <br>  |

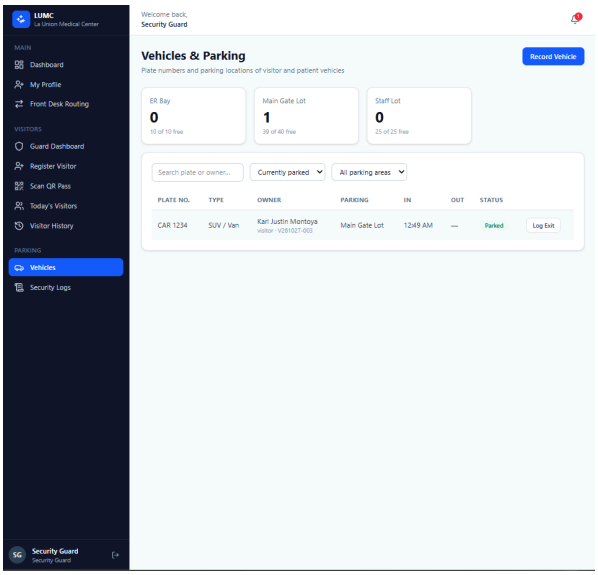

## 3.6 Today's Visitors

Visitors → Today's Visitors

| Steps/Description | Screenshot |
| --- | --- |
| See waiting, approved, inside, and exited counts.<br>Open Details for the full visitor card.<br><br>Turn Away (rejection reason optional), Cancel, or manual entry/exit when needed. |  |

## 3.7 Vehicles

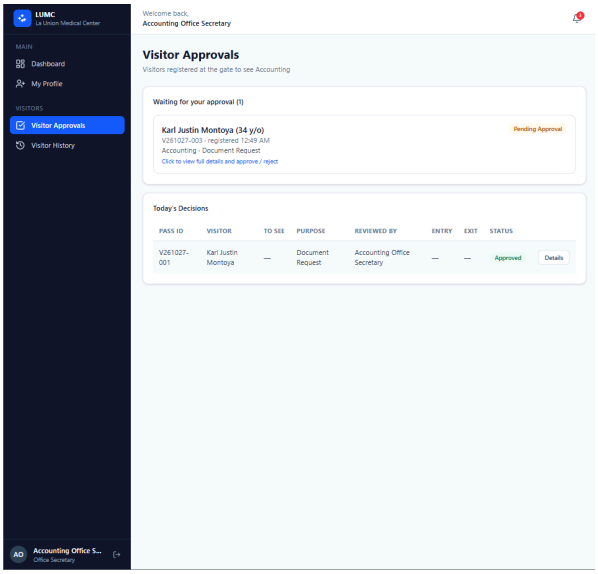

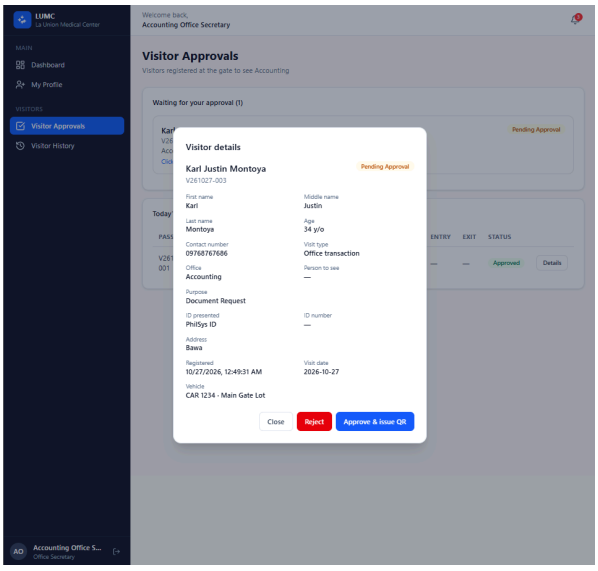

Parking → Vehicles → Record Vehicle

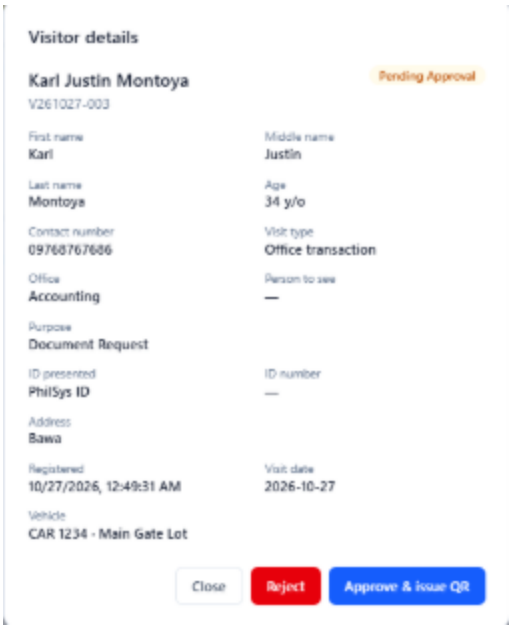

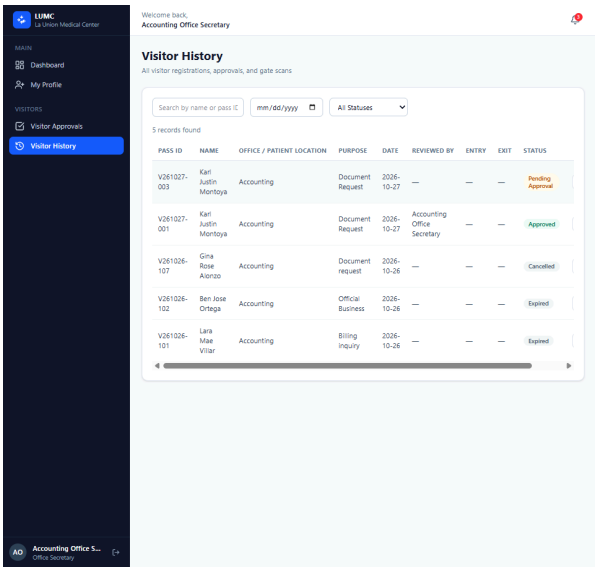

| Steps/Description | Screenshot |
| --- | --- |
| Belongs to: Visitor, Patient, Employee, or Other.<br><br>Plate + parking area required. |  |

# 4. Office Secretary

Typical logins: secretary.accounting, secretary.billing, ...
Home: Visitor Approvals

## 4.1 What you can do

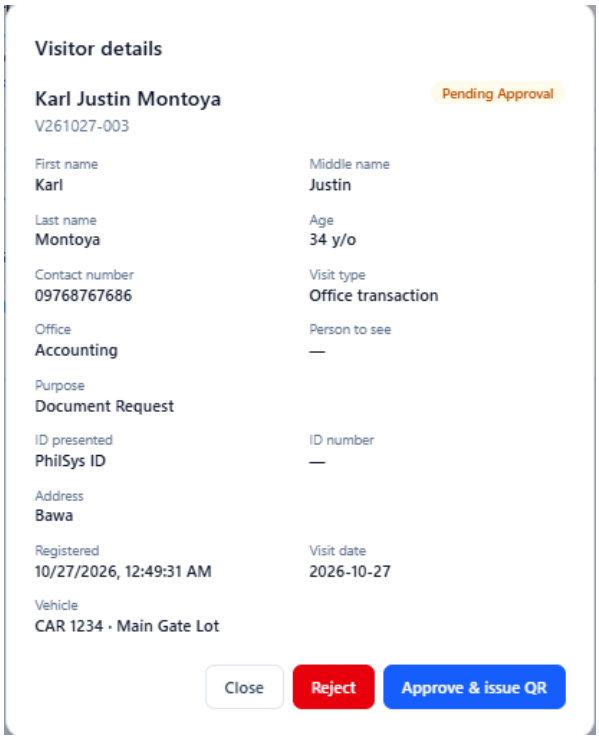

| Steps/Description | Screenshot |
| --- | --- |
| See and act on office visitors for your office only (the office linked to your user account) |  |
| Approve & issue QR or Reject (rejection reason optional) |  |

| Steps/Description | Screenshot |
| --- | --- |
| Open the full visitor card before deciding |  |
| Browse Visitor History for your office's past visits |  |

## 4.2 What you cannot do

- Approve visitors for other offices
- See or approve patient visitors (guards handle those)
- Register visitors, scan QR, or manage today's gate list
- Work with patients, queues, doctors, beds, vehicles, or admin tools

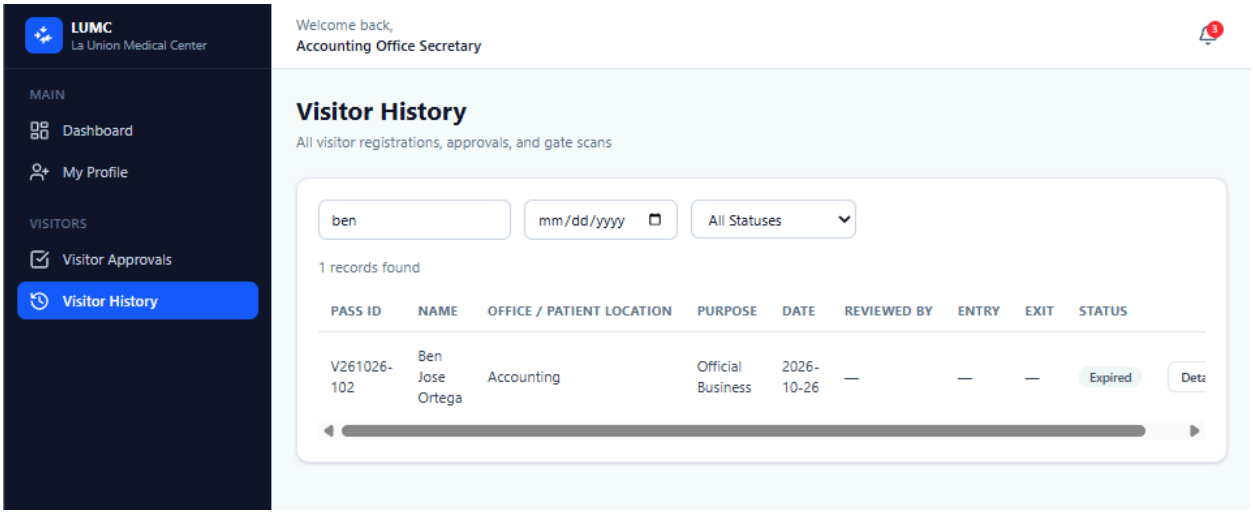

## 4.3 Approve or reject a visitor

| Steps/Description | Screenshot |
| --- | --- |
| 1. Open Visitor Approvals.<br>2. Click a pending visitor card to open the full visitor information (not just a short list row).<br>3. Approve & issue QR - guard can then print/show the pass. Reject reason is optional. |  |

## 4.4 History

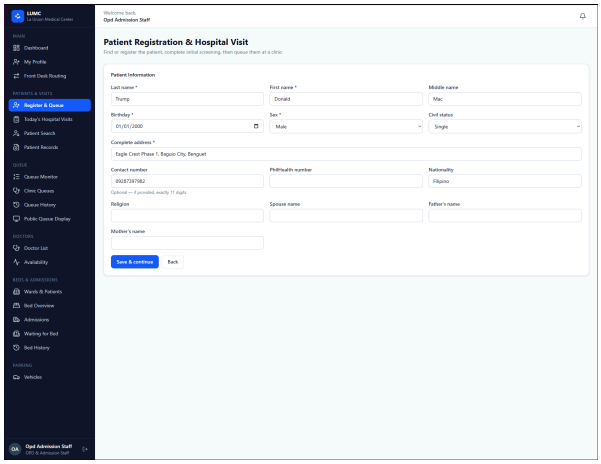

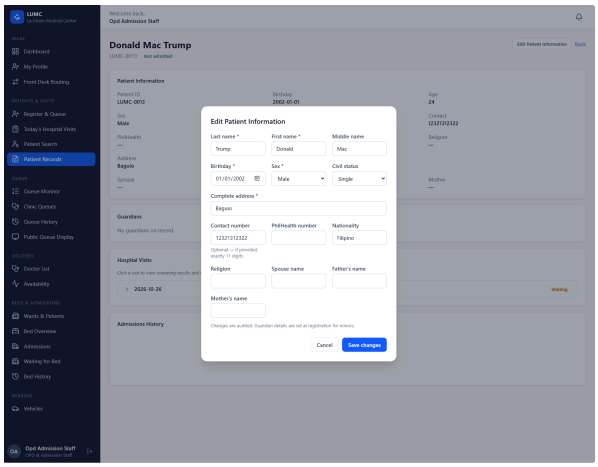

Visitor History - search/filter past office visits. Use Details to expand information.

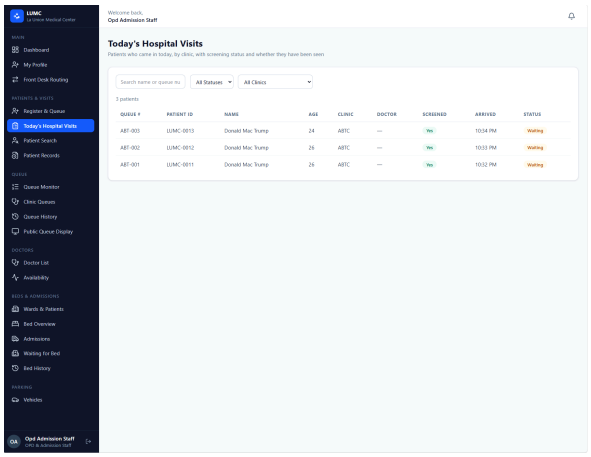

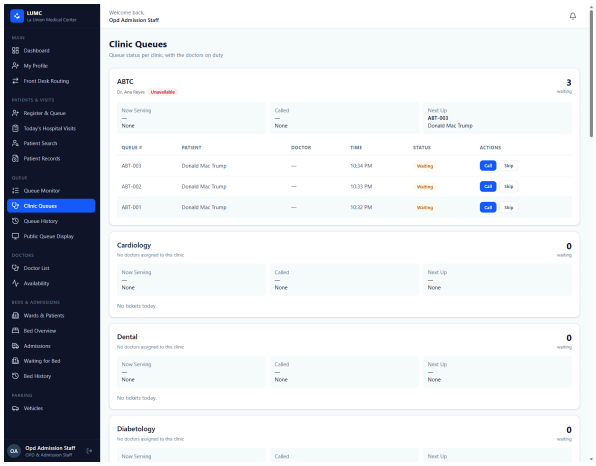

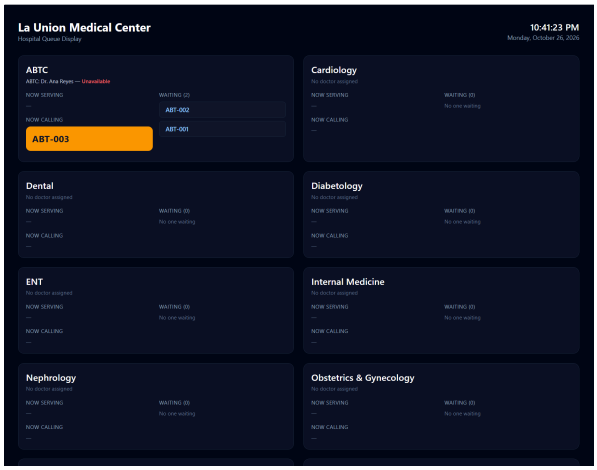

# 5. OPD & Admission Staff

Typical login: opd
Home: Dashboard
Note: This one role covers both OPD registration and admissions.

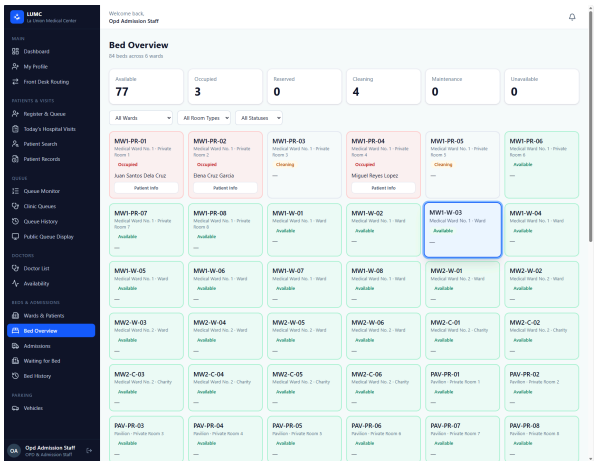

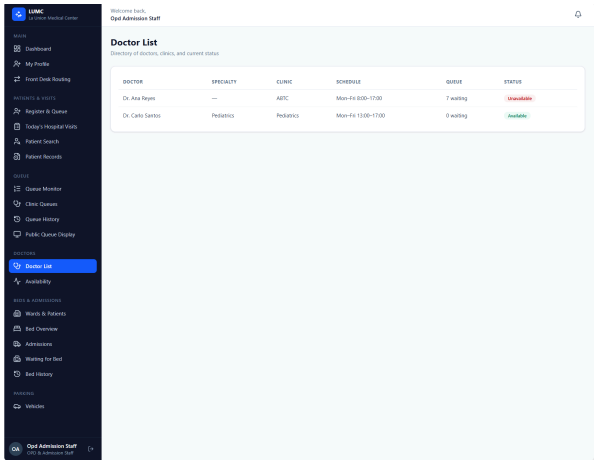

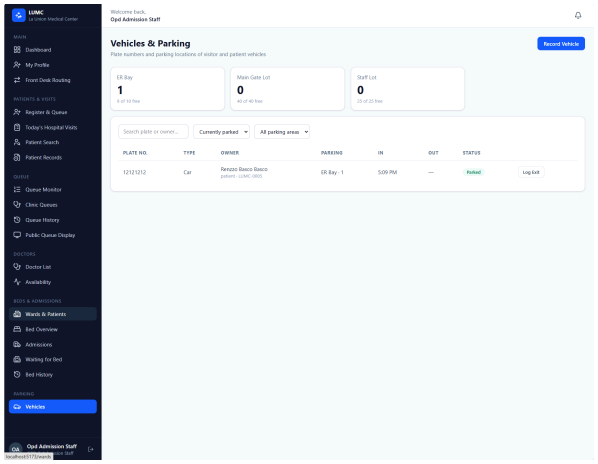

## 5.1 What you can do

| Steps/Description | Screenshot |
| --- | --- |
| Front Desk Routing; register patients and hospital visits (queued to a clinic, not a named doctor) |  |
| Capture initial screening at registration; edit patient information (audited) |  |

| Steps/Description | Screenshot |
| --- | --- |
| Today's Hospital Visits, Patient Search / Records, Queue Monitor, Clinic Queues, Queue History |  |
| Queue actions on all clinics: Call / Serve / Done / Skip / Undo / Cancel |  |
| Open Public Queue Display |  |

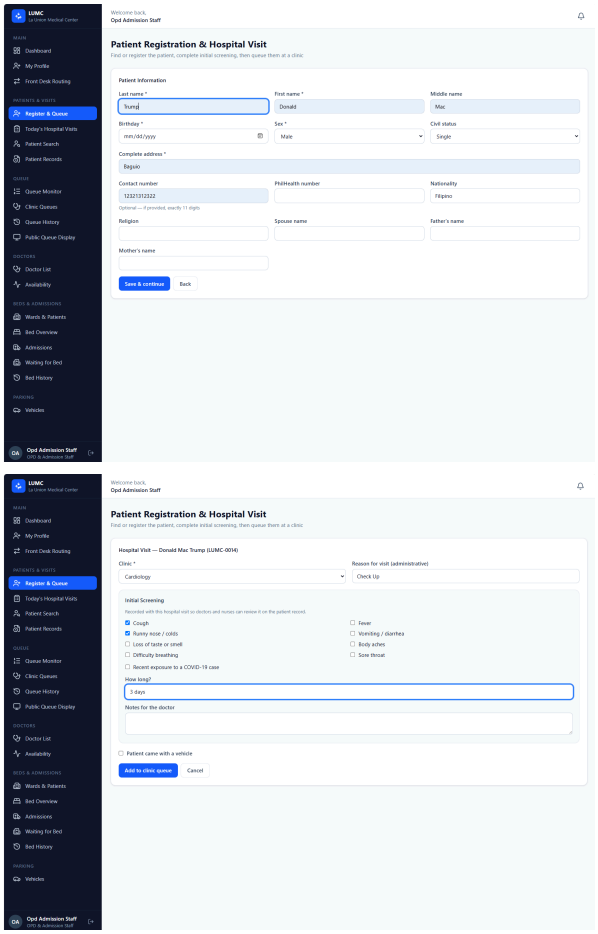

.

| Steps/Description | Screenshot |
| --- | --- |
| Admit / assign bed / transfer / discharge; change bed status; Waiting for Bed; Bed History |  |
| Doctor List; set any doctor's availability; assign or reassign doctors to clinics |  |
| Record vehicles (same as guard) |  |

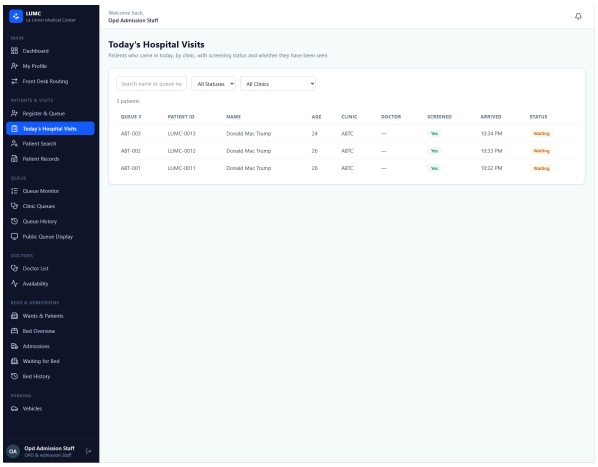

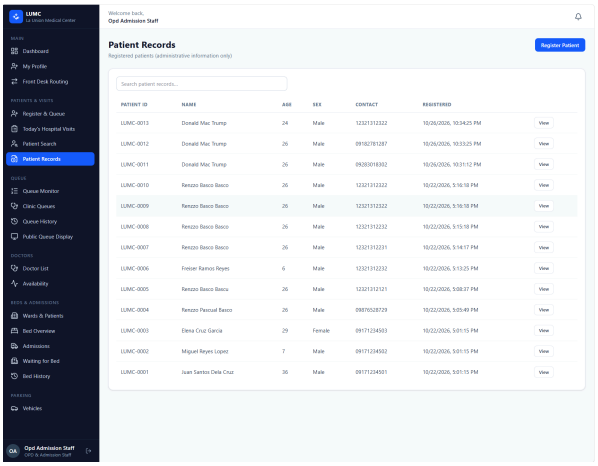

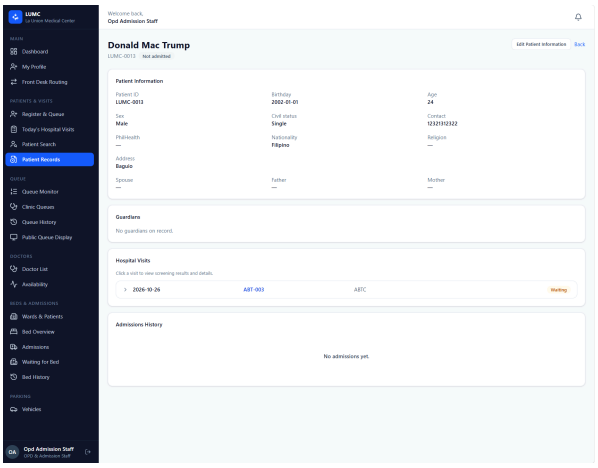

## 5.2 What you cannot do

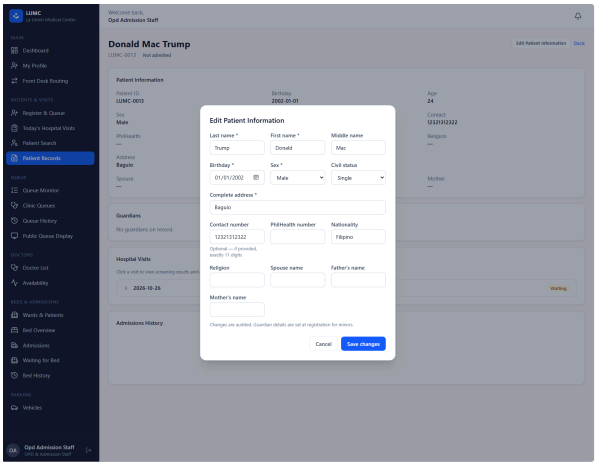

- Create doctor user accounts (admin does that under Users & Roles you only assign existing doctor users to clinics)
- Approve office or patient visitors, or use guard QR tools
- Open administration: Users, Reports, Audit Logs, Backups, Parking Areas setup, Settings
- Change another staff member's role or password without being an administrator

## 5.3 Register a patient and hospital visit

| Steps/Description | Screenshot |
|---|---|
| 1. Patients & Visits → Register & Queue.<br>2. Search for an existing patient, or register a new one (first & last name required; middle name and contact optional).<br>3. Minors need a guardian (relationship dropdown + Other, 11-digit guardian contact).<br>4. On Hospital Visit:<br>Select clinic (full name, e.g. Nephrology).<br>Complete Initial Screening.<br>Optionally record a vehicle.<br>5. Submit note the queue number (e.g. MED-001). There is no "print patient" step. |  <br> |

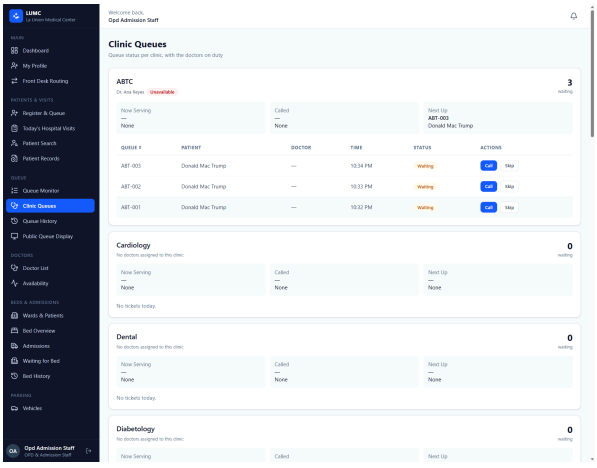

# 5.4 Today's Hospital Visits & patient records

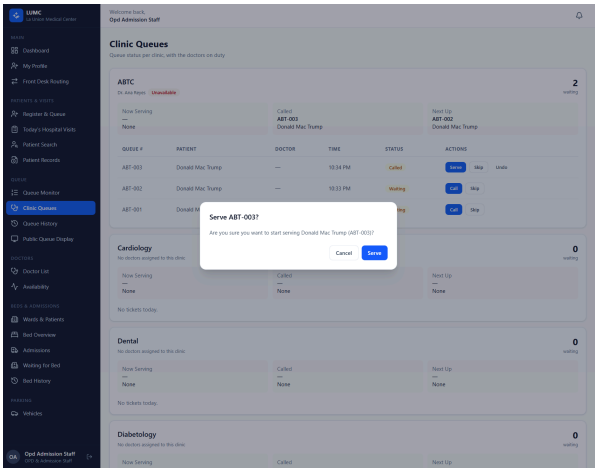

| Steps/Description | Screenshot |
| --- | --- |
| Today's Hospital Visits - who arrived today, clinic, screened yes/no, status.<br><br>Patient Records / Search open a patient to see:<br>- Current Admission (if any)<br>- Patient Information (editable)<br>- Hospital Visits - click a row to expand screening and visit details<br>- Admissions History |  <br><br>  <br><br>  <br> |

| Steps/Description | Screenshot |
| --- | --- |
| |  |

## 5.5 Clinic queues

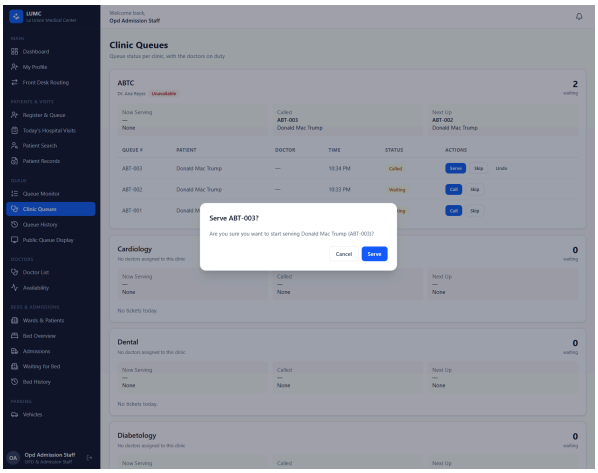

Queue Clinic Queues or Queue Monitor

| Steps/Description | Screenshot |
| --- | --- |
| 1. Find the patient under their clinic.<br>2. Call Serve Done (each step asks for confirmation).<br>3. Undo reverts one step (once per ticket), without stopping live updates.<br>4. You may act on all clinics. |  |

| Steps/Description | Screenshot |
| --- | --- |
| |  |

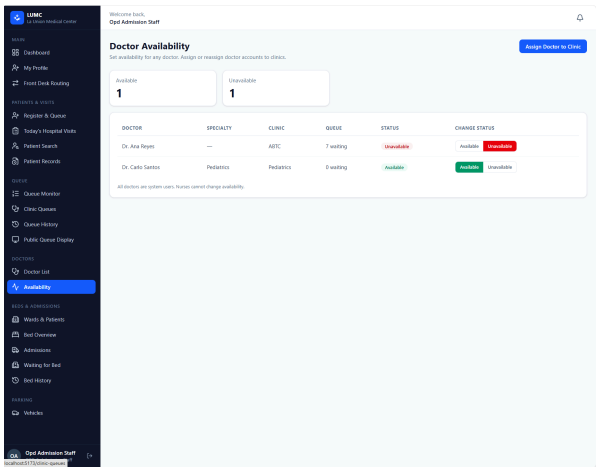

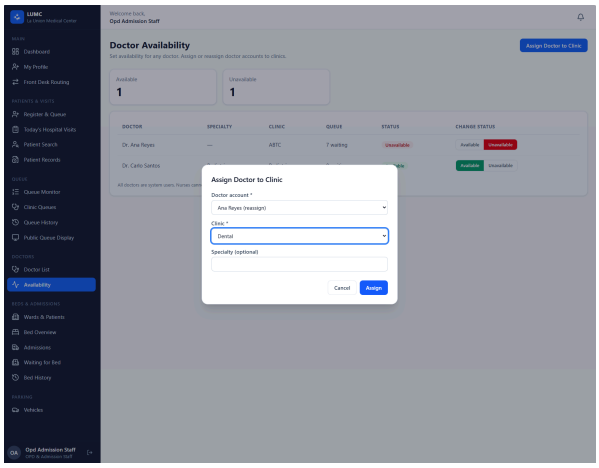

## 5.6 Public Queue Display

Queue Public Queue Display (often on a TV)

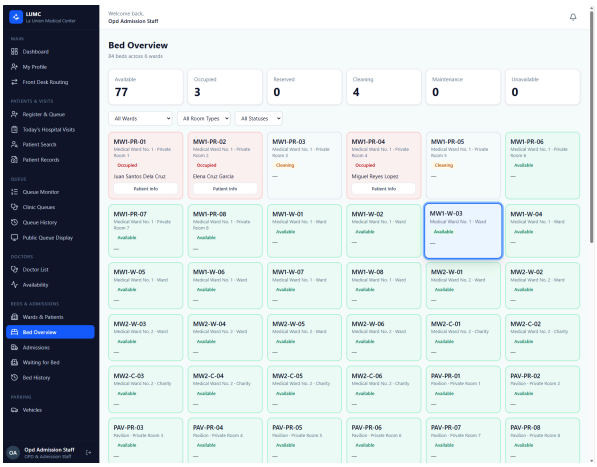

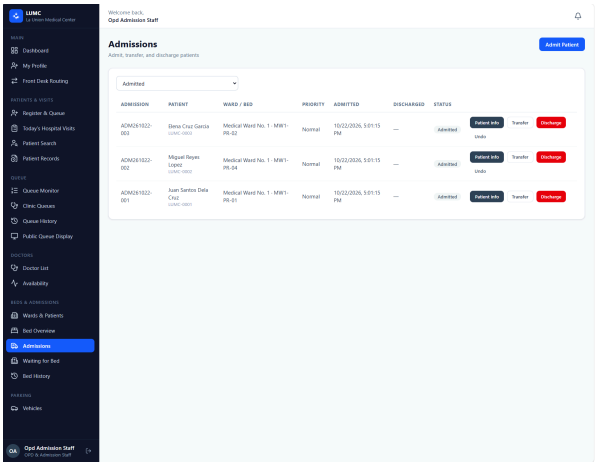

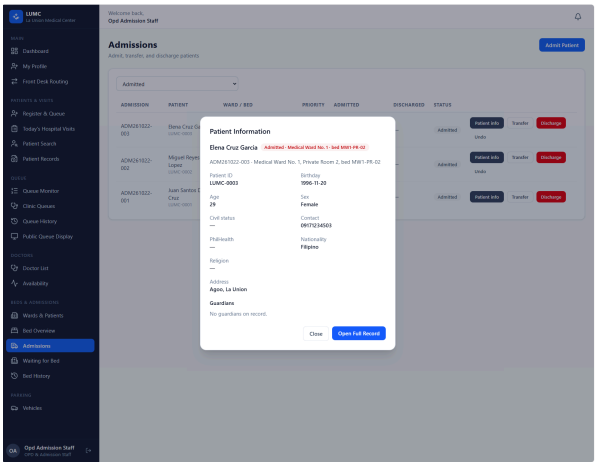

| Steps/Description | Screenshot |
| --- | --- |
| - Live date and time<br>- Full clinic names (e.g. Nephrology)<br>- Queue codes only no patient names<br>- Doctor availability per clinic |  |

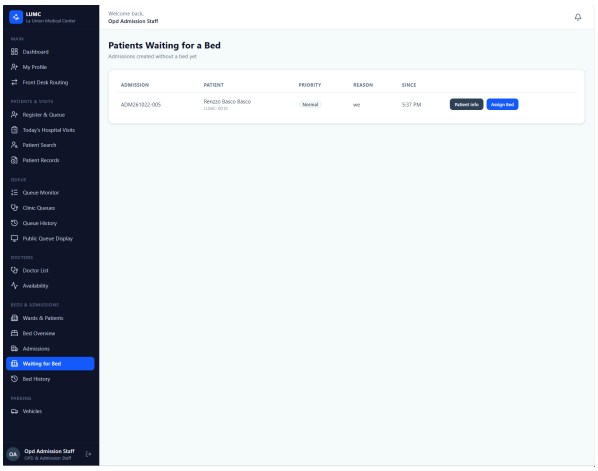

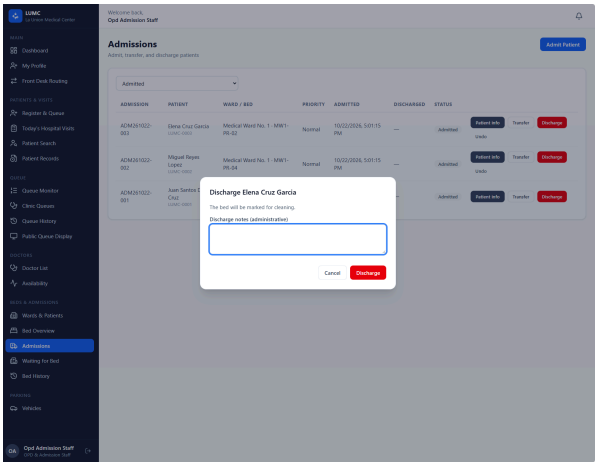

## 5.7 Doctor availability

Doctors → Availability

| Steps/Description | Screenshot |
| --- | --- |
| Toggle Available / Unavailable for any doctor.<br><br>Assign Doctor to Clinic - link an unassigned doctor account to a clinic, or reassign one who already has a clinic (specialty optional). Doctor accounts are created under Users & Roles (admin); you do not create free-text doctors here. |  <br>  |

## 5.8 Admissions and beds

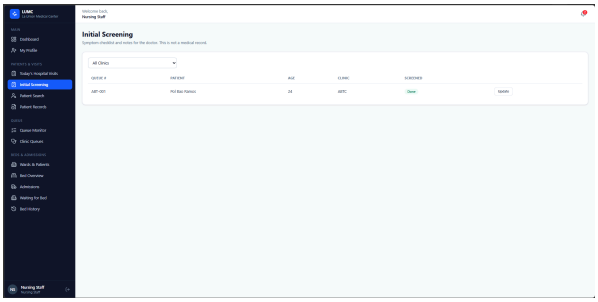

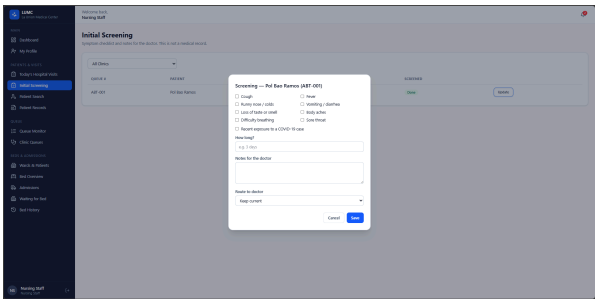

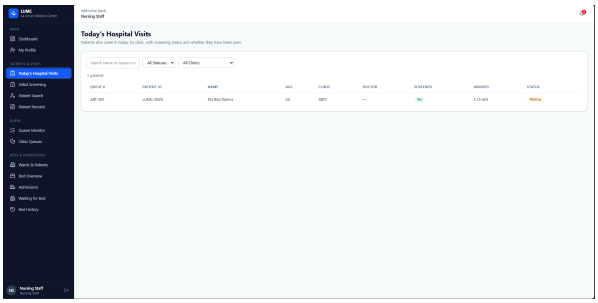

| Steps/Description | Screenshot |
| --- | --- |
| 1. Admissions → Admit Patient (choose bed now or leave waiting).<br>2. Confirm assign / transfer / discharge; use Undo once when available.<br>3. Dark Patient info button opens a modal; Open Full Record goes to the full patient page.<br>4. Hover a bed on Bed Overview - highlight should be obvious.<br>5. Nurses/doctors can view; only OPD/admin change beds. |  <br>  <br>  |

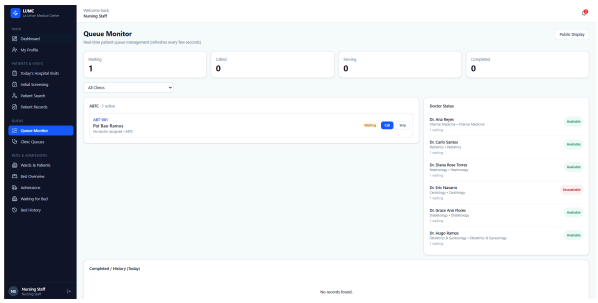

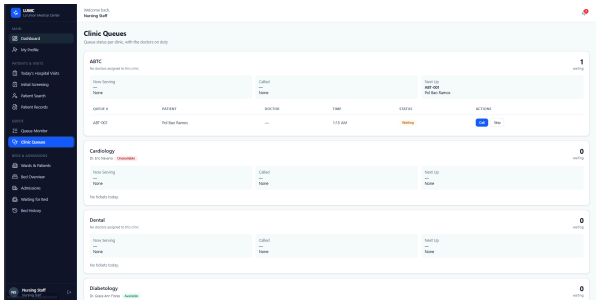

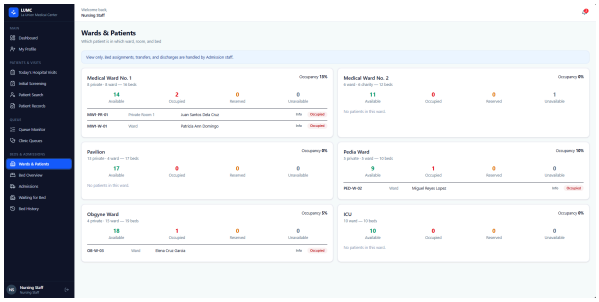

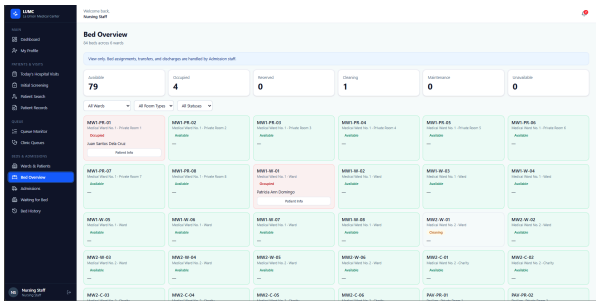

| Steps/Description | Screenshot |
| --- | --- |
| |  <br>  |

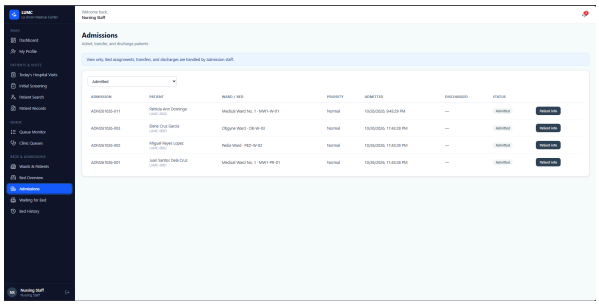

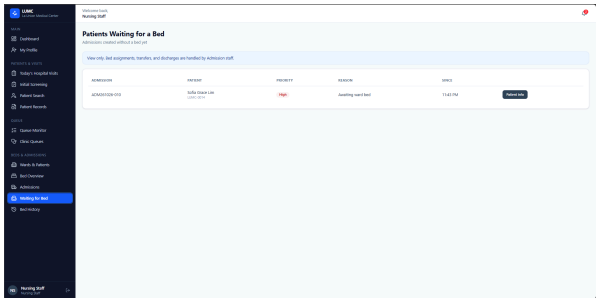

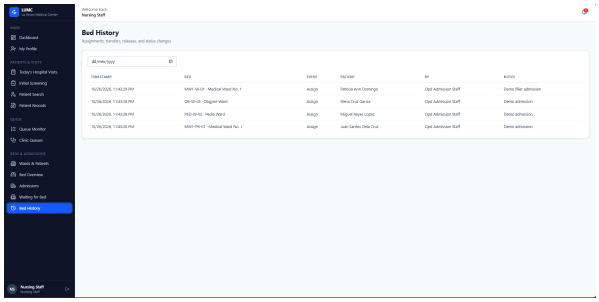

# 6. Nursing Staff

Typical login: nurse

## 6.1 What you can do

| Steps/Description | Screenshot |
| --- | --- |
| Initial Screening page Screen / Update symptom checklist for waiting patients |  <br>  |
| View Today's Hospital Visits, Patient Search & Records |  |

| Steps/Description | Screenshot |
| --- | --- |
| Clinic Queues / Queue Monitor - Call / Serve / Done / Skip / Undo on all clinics |  <br>  |
| View wards, bed overview, admissions, waiting for bed, bed history (view only) |  <br>  |

| Steps/Description | Screenshot |
| --- | --- |
| |  <br>  <br>  |

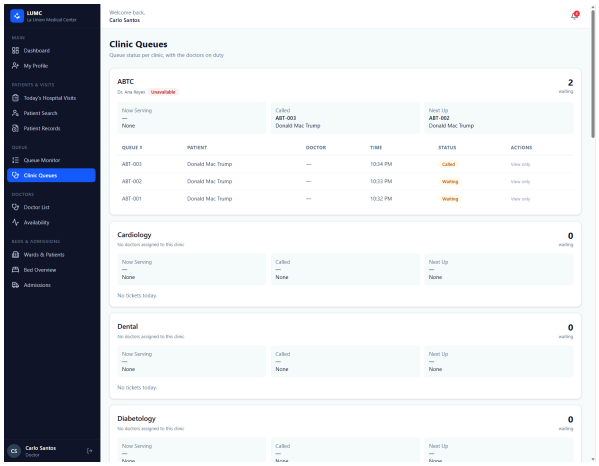

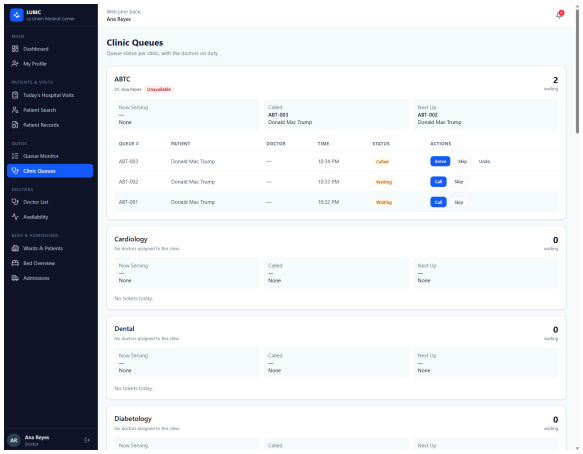

## 6.2 What you cannot do

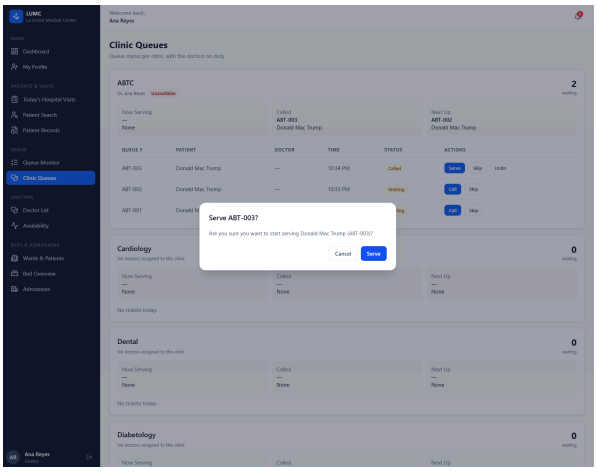

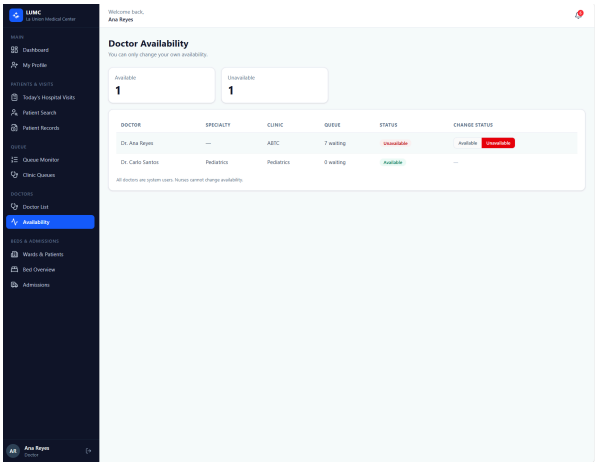

- Register new patients or create hospital visits
- Cancel queue tickets (OPD does that)
- Admit, transfer, discharge, or change bed status
- Change any doctor's availability or assign doctors to clinics
- Use visitor, vehicle, public display, or administration pages

# 7. Doctor

Typical logins: dr.reyes (Internal Medicine), dr.santos (Pediatrics), ...
Your account must be assigned to a clinic (by OPD or admin) before you can act on queue tickets.

## 7.1 What you can do

| Description | Screenshot |
| --- | --- |
| View all clinic queues and the doctor directory |  |
| Call / Serve / Done / Skip / Undo only in your assigned clinic |  |

| Description | Screenshot |
| --- | --- |
| |  |
| Change only your own Available / Unavailable status |  |

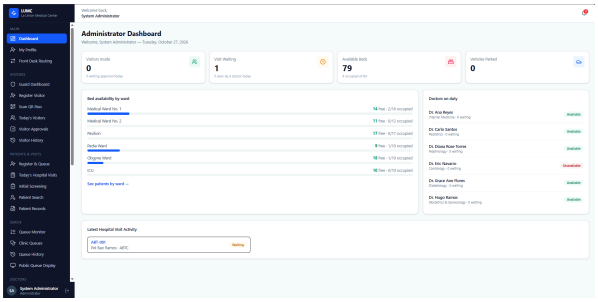

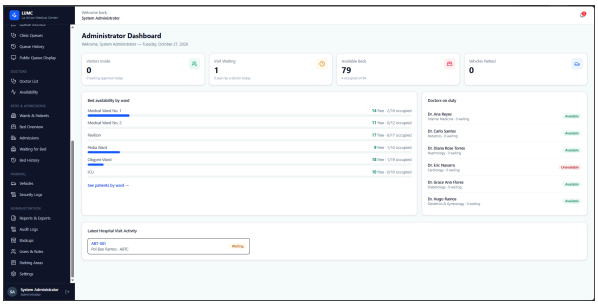

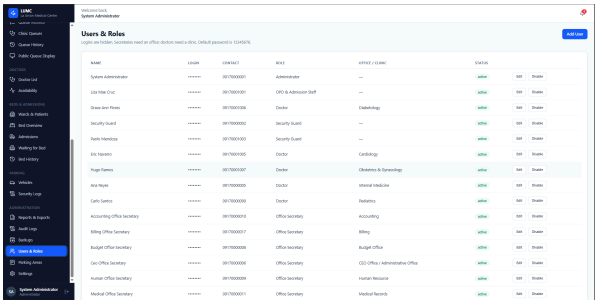

## 7.2 What you cannot do

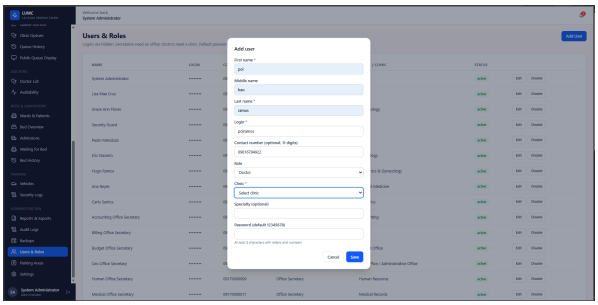

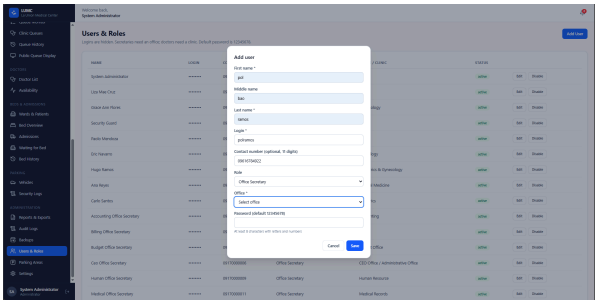

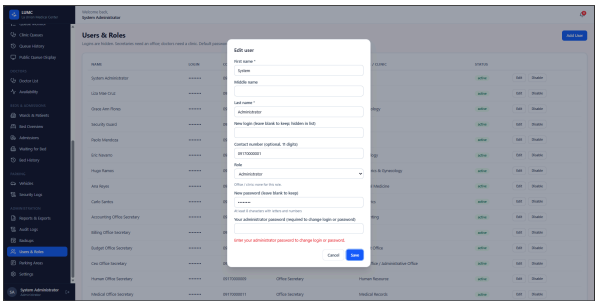

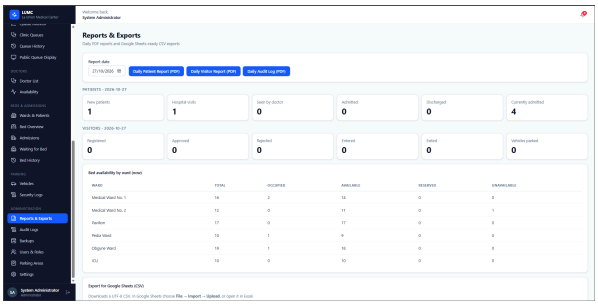

- Act on tickets in other clinics (UI shows View only; API also blocks it)
- Change another doctor's availability or reassign clinics
- Register patients, edit patient demographics, or run screening
- Admit / transfer / discharge or change beds
- Open public display, vehicles, visitors, or administration

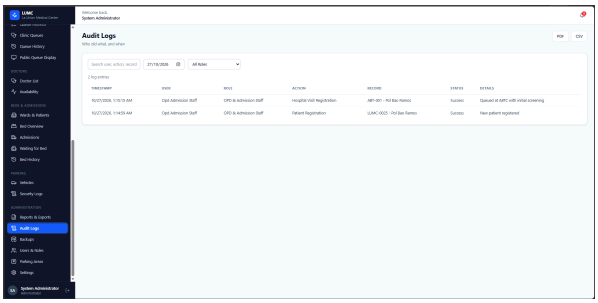

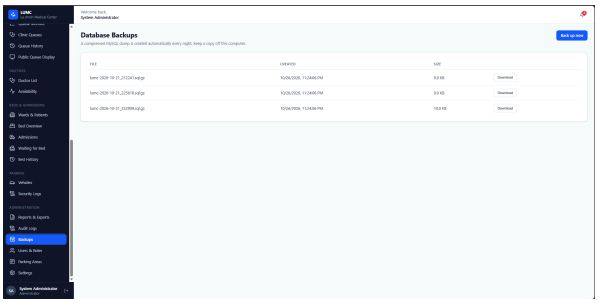

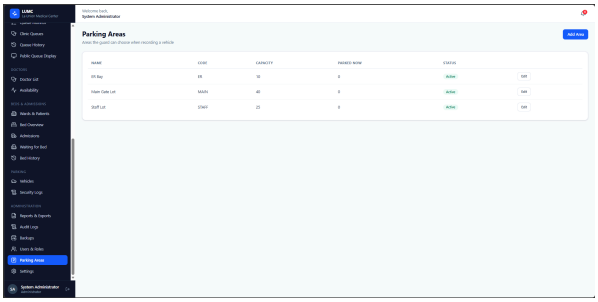

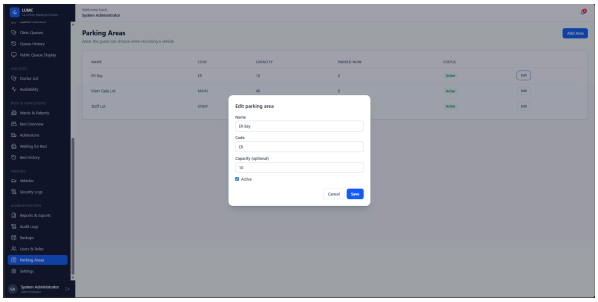

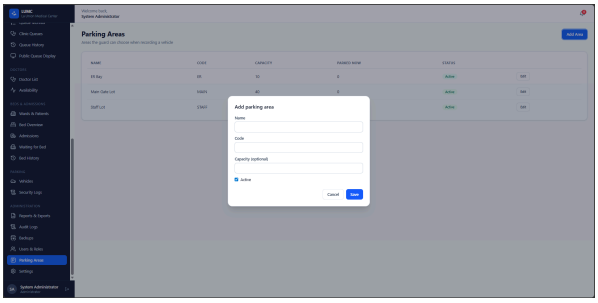

# 8. Administrator

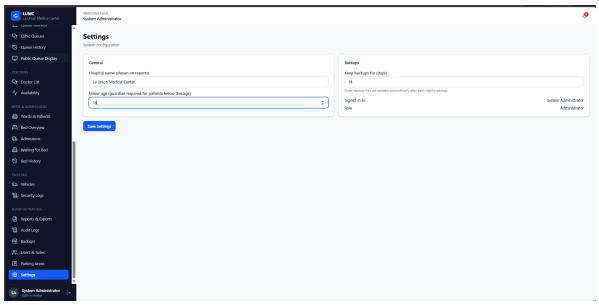

Typical login: admin

## 8.1 What you can do

| Steps/Description | Screenshot |
| --- | --- |
| Everything every other role can do (sidebar shows all modules) |   |
| Users & Roles - create/edit users; secretary must have an office; doctor must have a clinic; logins stay masked; changing login/password needs the admin password; default new password is 12345678 |  |

| Steps/Description | Screenshot |
| --- | --- |
| |  <br>  <br>  |
| Reports & Exports, Audit Logs, Backups, Parking Areas (add/edit lots), Settings (e.g. minor age) |  |

| Steps/Description | Screenshot |
| --- | --- |
| |  |
| |  |
| |  |
| |  |
| |  |

| Steps/Description | Screenshot |
| --- | --- |
| |  |

## 8.2 What you cannot do / limits

There is no "higher" role you are not blocked from staff pages.
You still follow the same data rules as everyone else (11-digit contacts when filled, minors need guardians on patients, queues stay clinic-based, public display shows codes only).
Prefer creating real role accounts for daily work, use admin mainly for setup, users, and audits.

# 9. Quick reference - who can do what

✓ = allowed · blank = not allowed · **Own** = limited to own office/clinic/self

| Task | Guard | Secretary | OPD | Nurse | Doctor | Admin |
|---|---|---|---|---|---|---|
| Front Desk Routing | ✓ | | ✓ | | | ✓ |
| Register visitors / scan QR / today's visitors | ✓ | | | | | ✓ |
| Approve **office** visitors | | **Own** | | | | ✓ |
| Approve **patient** visitors | ✓ | | | | | ✓ |
| Visitor history | ✓ | **Own** | | | | ✓ |
| Register patient + hospital visit (+ screening at reg.) | | | ✓ | | | ✓ |
| Edit patient information | | | ✓ | | | ✓ |
| Initial Screening page (nurse) | | | | ✓ | | ✓ |
| View visits / patient search & records | | | ✓ | ✓ | ✓ | ✓ |

| Task | Guard | Secretary | OPD | Nurse | Doctor | Admin |
|---|---|---|---|---|---|---|
| Queue actions — **all** clinics | | | ✓ | ✓ | | ✓ |
| Queue actions — **own clinic only** | | | | | **Own** | ✓ |
| Cancel queue ticket | | | ✓ | | | ✓ |
| Queue history | | | ✓ | | | ✓ |
| Public Queue Display | | | ✓ | | | ✓ |
| Doctor list | | | ✓ | | ✓ | ✓ |
| Change **any** doctor availability | | | ✓ | | | ✓ |
| Change **own** availability only | | | | | **Own** | ✓ |
| Assign / reassign doctor → clinic | | | ✓ | | | ✓ |
| Create doctor **user** account | | | | | | ✓ |
| Admit / transfer / discharge / bed status | | | ✓ | | | ✓ |

| Task | Guard | Secretary | OPD | Nurse | Doctor | Admin |
|---|---|---|---|---|---|---|
| View beds / wards / admissions | | | ✓ | ✓ | ✓ | ✓ |
| Vehicles | ✓ | | ✓ | | | ✓ |
| Security logs | ✓ | | | | | ✓ |
| Users / reports / audit / backups / parking areas / settings | | | | | | ✓ |

**Hard limits (all non-admin roles):** the sidebar hides pages you cannot use; opening a forbidden URL shows a notice and sends you home. Doctors without a clinic assignment cannot run queue actions until OPD/admin assigns them.

# 10. Tips & rules

- Login, not email.
- Contact numbers: optional; if provided, must be 11 numerical digits.
- Middle name: optional for patients, visitors, and users.
- Visitors: same day only; visitor minors do not need a guardian.
- Patients who are minors: guardian required (relationship list + Other).
- Queues are per clinic; public display shows codes only (privacy).
- Secretary = own office only Doctor = own clinic for actions Nurse = queues yes, beds view-only OPD = operational staff, not system admin.
- Screens refresh often - leave Clinic Queues / Public Display open for live updates.
- Forbidden pages show an on-screen notice and return to your home page.

## Document control

| Item | Value |
|---|---|
| Product | La Union Medical Center (LUMC) Operations System |
| Audience | Hospital staff (all roles) |
| Screenshots folder | docs/manual-screenshots/ |
| Capture checklist | docs/manual-screenshots/README.md |
| Version note | Align with current feature-freeze build; update screenshots after major UI changes |
